

2024 Virginia Wood Flow Analysis

Virginia's forest industry **retained** 545,985 MCF of total roundwood for State industry.

Virginia's forest industry **exported** 60,634 MCF of roundwood for processing in other States and/or countries.

Virginia's forest industry **imported** 84,735 MCF of roundwood from other States and/or countries.

In 2024, Virginia was a net importer of roundwood

Exported Roundwood Products

In 2024, Virginia exported **60,634 MCF** of roundwood.

Exported Roundwood By Species

Imported Roundwood Products

In, 2024 Virginia imported **84,735** MCF of roundwood.

Imported Roundwood By Species

Roundwood Imports include volume received from other U.S. States or other non-U.S. regions.

- Kentucky
- Maryland
- North Carolina
- Ohio
- Pennsylvania
- West Virginia

National Resource Use Monitoring

Timber Product Output (TPO) is a component of FIA's National Resource Use Monitoring (NRUM) program aimed at gathering and reporting information on industrial and non-industrial uses of roundwood. Data are gathered through annual surveys of primary wood processing facilities and aggregated and reported at the county and/or state level. Data and more information about NRUM and TPO can be found at the National Resource Use Monitoring page: <https://research.fs.usda.gov/programs/nrum>.

Additional Resources

The application that produced this resource update was developed using data from the USDA Forest Service FIA NRUM database: <https://public.tableau.com/views/TPOREPORTINGTOOL/MakeSelection?:showVizHome=no>. Factsheet estimates may not match table estimates due to data refinements after publication.

The FIA wood movement application can be found at the USDA Forest Service Research and Development: https://publicdashboards.dl.usda.gov/t/NRE_PUB/views/Wood_Flow_Factsheet/StateSelection?%3Aembed=y&%3AisGuestRedirectFromVizportal=y.
