

2023 Oklahoma Wood Flow Analysis

Oklahoma's forest industry **retained** 80,589 MCF of total roundwood for State industry.

Oklahoma's forest industry **exported** 5,919 MCF of roundwood for processing in other States and/or countries.

Oklahoma's forest industry **imported** 55,484 MCF of roundwood from other States and/or countries.

Wood Flow Volume (MCF)

Wood Flow Volume (MCF) by Product

Retained and Exported Roundwood

Retained and Imported Roundwood

In 2023, Oklahoma was a net importer of roundwood

Exported Roundwood Products

In 2023, Oklahoma exported **5,919 MCF** of roundwood.

- Saw logs
- Pulpwood
- Bioenergy/fuelwood
- Poles, posts, pilings
- Miscellaneous

Exported Roundwood By Species

Imported Roundwood Products

National Resource Use Monitoring

Timber Product Output (TPO) is a component of FIA's National Resource Use Monitoring (NRUM) program aimed at gathering and reporting information on industrial and non-industrial uses of roundwood. Data are gathered through annual surveys of primary wood processing facilities and aggregated and reported at the county and/or state level. Data and more information about NRUM and TPO can be found at the National Resource Use Monitoring page: <https://research.fs.usda.gov/programs/nrum>.

Additional Resources

The application that produced this resource update was developed using data from the USDA Forest Service FIA NRUM database: <https://public.tableau.com/views/TPOREPORTINGTOOL/MakeSelection?:showVizHome=no>. Factsheet estimates may not match table estimates due to data refinements after publication.

The FIA wood movement application can be found at the USDA Forest Service Research and Development: https://publicdashboards.dl.usda.gov/t/NRE_PUB/views/Wood_Flow_Factsheet/StateSelection?%3Aembed=y&%3AisGuestRedirectFromVizportal=y.
